

§ 1477.210 Other specialty crops.

(a) Other special provisions to assess losses and calculate disaster assistance under this subpart apply to the following crops and such other crops as may be identified in instructions issued by the Deputy Administrator: turfgrass sod, honey and maple sap.

(b) For turfgrass sod, disaster benefits under this subpart are limited to turfgrass sod which would have matured and been harvested during 1998, when a disaster caused in excess of 35 percent of the expected production to die.

(c) For honey, disaster benefits under this subpart are limited to table and nontable honey produced commercially for human consumption. For calculating benefits, all honey is considered a single crop, regardless of type or variety of floral source or intended use.

(d) For maple sap, disaster benefits under this subpart are limited to maple sap produced on private property in a controlled environment by a commercial operator for sale as sap or syrup. The maple sap must be produced from trees that are: located on land the producer controls by ownership or lease; managed for production of maple sap; and are at least 30 years old and 12 inches in diameter.

Subpart C—Multi-Year Crop Loss Disaster Assistance Program**§ 1477.300 Multi-year crop losses.**

(a) The disaster benefits under this subpart, the 1998 Crop Loss Disaster Assistance Program Multi-year Losses, will be equal to 25 percent of the producer's previous loss payments for the qualifying losses if the producer received:

(1) Crop insurance indemnity payments for crop losses on insured crops under the RMA-administered program, excluding replanting or raisin reconditioning payments; or

(2) Payments from the Non-insured Crop Disaster Assistance Program for multi-year crop losses, including any 1994 ad hoc disaster payment of a noninsurable crop.

(b) In order to receive benefits under this subpart, the producer must have received (a)(1) or (a)(2) in at least 3 of the 5 crop years running from 1994 through 1998 and only such losses shall be considered qualifying losses for purposes of paragraph (a) of this section.

(c) For multi-year eligibility based on crop insurance indemnity payments, RMA will determine the producers that meet the eligibility requirements along with indemnity amounts and pass the data to FSA.

(d) For NAP multi-year eligibility, FSA will determine eligible producers. Because the multi-year payments are based on payments previously received, area loss provisions apply.

(e) For purposes of paragraph (a) of this section, the "Federal loss payments" shall only be those payments which were received for qualifying losses under the programs identified in paragraphs (a)(1) and (a)(2) of this section. In addition, benefits under this part will be permitted only where the qualifying losses were suffered by the identical producers, as determined under instructions of the Deputy Administrator. Changes in the organization and control of entities or production units will be considered to be changes in producers for crop history purposes. Likewise, in joint ventures, the entity will be considered to be the producer, not the individual members, and representational entities, such as a trust, will be considered different producers than the beneficiaries of the entity, except as otherwise allowed by the Deputy Administrator. The provisions of this subsection shall be used for qualifying purposes only for multi-year benefits and shall not, for qualified recipients, affect other restrictions that limit the maximum payment amount that may be received under this program.

Signed at Washington, DC, on April 9, 1999.

Executive Vice President, Commodity Credit Corporation.
